ORIGINAL ARTICLE

Clinical Allergy

- Prevalence of allergen sensitization among 15,534 patients with suspected allergic diseases in Henan Province, China** 57
Xiaoxu Sun, Junwei Zhao, Qiuya Wang, Guang Shi, Jingjing Yang, Liang Ming

Asthma

- Comparison of Th17 cells mediated immunological response among asthmatic children with or without allergic rhinitis** 65
Miao Qing, Liu Yongge, Xu Wei, Wang Yan, Li Zhen, Ren Yixin, Guan Hui, Xiang Li
- Controller therapy in Asians and whites with persistent Asthma** 73
Wansu Chen, Michael Schatz, Zhi Liang, Qiaowu Li, Ekaterina Sadikova, Zilu Zhang, Shalini Bagga, Robert S. Zeiger
- Characteristics and outcomes of treatment in status asthmaticus patients at emergency department** 87
Kumpol Amnuaypattanapon, Chitlada Limjindaporn, Winchana Srivilaithon, Ittabud Dasanadeba

Infection and Host Immune System

- The cooperation of pharmacologic-dose ascorbate with ceftriaxone against *Staphylococcus aureus* through bactericidal synergy and enhanced macrophage killing activity** 94
Chulamartd Wirapakorn, Uthaibhorn Singkham-in, Sujitra Taratummarat, Saowapha Surawut, Peerapat Visitchanakun, Tanittha Chatsuwat, Asada Leelahavanichkul

Clinical Immunology

- Reduced glycolytic reserve in isolated natural killer cells from Myalgic encephalomyelitis/chronic fatigue syndrome patients: A preliminary investigation** 102
Thao Nguyen, Donald Staines, Samantha Johnston, Sonya Marshall-Gradisnik
- Features and outcomes of immunoglobulin therapy in patients with Good syndrome at Thailand's largest tertiary referral hospital** 109
Torpong Thongngarm, Adhiratha Boonyasiri, Panitan Pradubpongsa, Nattaporn Tesavibul, Tauangtham Anekpuritanang, Piyawut Kreetapirom, Mongkhon Sompornrattanaphan
- Early reduction of serum interleukin-6 levels as a predictor of clinical remission in systemic juvenile idiopathic arthritis** 116
Butsabong Lerkvaleekul, Soamarat Vilaiyuk
